

## Introducing The Solomon Academy

The Solomon Academy is a fantastic initiative designed to enhance the learning experience for members of Freemasonry. Here are some key features of the Academy:

- **Welcome Modules:** The Academy focuses on four 'Welcome' modules that introduce new members to Freemasonry.
- **Badges and Certificates:** As users progress through the modules, they earn badges for completing sections. Upon finishing all parts of a Welcome module, they can take a quiz. If they pass with 100%, they receive a certificate, which is an A4 PDF document that can be printed.
- **Diploma:** Completing all four Welcome modules awards users the Solomon Academy Diploma, signed by both an Assistant Grand Master and the Third Grand Principal.
- **Personalized Learning:** The Academy emphasizes that personal learning should work for each member, allowing them to engage with the material at their own pace and according to their interests.

This approach not only motivates members but also ensures they gain valuable knowledge about Freemasonry in a structured manner.

## How Do I Complete My Solomon Diploma?

Simply register for each course on Solomon and then complete them in your own time. Be careful not to complete them too early, only complete each Module when you have completed the ceremony for that Degree for example.

You shouldn't complete the Welcome Companion Module until you are a member of the Royal Arch.

## What Happens When I Complete My Solomon Diploma

Simply email your completed Diploma to your Lodge Secretary who will send it to the Provincial Grand Mentor ([mentor@pglsom.org](mailto:mentor@pglsom.org)). The Provincial Grand Mentor will then arrange for a Provincial Representative to present it at a convenient Lodge Meeting. It needs to go through your Lodge Secretary as the Province will need to liaise with them to arrange the presentation.
